1. Matte paint surcharge is applied in addition to other paint selections. The optional matte finishes applied to bodywork involve a complex process when compared to painting gloss finishes. Due to the nature of the multi-stage process involved, minor imperfections in the paint finish can occur. Minor imperfections in hard to see areas may - depending upon the severity - pass Morgan's high standards of quality control. If you chose a matte paint finish for your Morgan, please also be aware that in the case of bodywork repairs during the life of the vehicle, it can be difficult to achieve a perfect colour match to existing panels. There are also specific care instructions for cleaning and maintaining vehicles with matte paint finishes, your Morgan dealer will be able to advise you further on care of your Morgan vehicle.
2. Central body in different colour to wings and front undertray, price in addition to other paint selections
